

## STA-Z 2-Hole Anchor

### Product information

The Starcon STA-Z transport anchor, also known as a two-hole anchor, is designed with two holes. The lower hole is reinforced, ensuring a strong anchorage in concrete. The anchor head contains a hole for attaching a Starcon lifting link.

This design enables a high lifting capacity in thin elements, making the STA-Z transport anchor ideal for precast concrete elements requiring reliable and safe lifting.

**Applications:**

Lightweight concrete, low concrete compressive strength, wells, and thin walls.

**Advantages:** Quick connection/disconnection with formwork and Starcon lifting link.

**Load group:** 1.4T – 26T

**Technical information:** CE marking in accordance with MD 2006/42 EC

The Starcon product is designed according to EN13155-2009 and follows the guidelines in VDI/BV-BS 6205 and DS/CEN/TR 15728.

**EPD:** Environmental Product Declaration is available in the LCA NO calculator/software. It is prepared in accordance with ISO 14025 and EN 15804.

**Marking:** CE-marked, UKCA-marked, Batch code, Load group+S (Starcon)

**Finish:** Untreated or hot dip galvanized

**Note:** The delivery time for individual products is estimated, and if the desired quantity is not in stock, please contact CERTEX Danmark A/S – Starcon to obtain the current delivery time.

**Note:** The delivery time for the individual products is estimated. If the desired quantity is not in stock, please contact [CERTEX Danmark A/S – Starcon](#) for information on the applicable delivery time.
