

## Vacuum Tube Lifter FORCE-LIFT®

### Product information

The Force-Lift tube lifter from AERO-Lift is versatile and can be used for all types of loads, whether light or heavy. As the most powerful tube lifter with one-hand operation on the market, it can effortlessly lift loads of up to 75 kg.

With its quick-change suction feet, it is able to safely handle airtight materials as well as porous or irregular surfaces. Another highlight is the ability to keep the Force-Lift in a floating parking position both with and without transported goods.

Extremely comprehensive equipment of the basic product:

- Quick-change coupling,
- Motor protection switch (protects the vacuum generator from winding damage)
- Integrated quick-release function (uncoupling function)
- Function for 360° horizontal rotation
- 90° tilting function (to grip lifting goods vertically and move them horizontally)

**Marking:** According to standard, CE-marked

**Standard:** EN 14238
