

Lifting Loop

Product information

Lifting loop with crimped threaded spigot for lifting and transporting.

Every loop within the Schroeder lifting socket system carries a tag showing the manufacturer, thread and load group, ensuring correct identification.

The tags for identifying

- means of lifting (lifting loops) and
- lifting sockets

as well as the nailing plates have the same colour for each thread size.

The requirements of the "Safety rules for lifting sockets and systems for precast concrete elements" plus the instructions for installation and use must be complied with.

This product complies with the requirements of the European Machinery Directive 2006/42/EC.

Marking: According to standard, Manufacturer ID, thread and load group.

Standard: CEN/TR 15728 - VDI/BV-BS 6205

Safety factor: 4:1
